

## EIGHTEEN REPORTED TO BE DEAD IN TRAIN WRECK

### ACCIDENT WAS AT CLAYTON KANSAS

Cars Plunged Over Bank as  
Weakened Bridge Went  
Down Under Strain

### TWENTY PEOPLE HURT IN AWFUL DISASTER

Scenes of Disorder Marked the  
Accident—Engine is Bur-  
ied Under Water

NORTON, Kas., Sept. 23.—It is reported that eighteen were killed in the Rock Island wreck at Clayton.

It is impossible to verify the report. Clayton is in an isolated section. A tiny creek where the wreck occurred is now a raging torrent as a result of a cloudburst. The road-bed is washed out, causing a trestle to settle.

**First Report of Wreck**  
DENVER, Sept. 23.—Eight were killed in a wreck on the Rock Island railroad near Clayton, Kansas, today. Four of the dead are passengers, the others being members of the train crew.

Four bodies have been recovered and the others are seen protruding from the wreckage, which is piled twenty feet high.

The wreck was due to a washed out bridge caused by a cloudburst. The engine and two forward coaches and the baggage car plunged over an embankment. A relief train with nurses and physicians has been sent to Clayton.

The wreck was reported by the brakeman and two passengers, who ran the two trains to Clayton. Wrecking trains were dispatched from Clayton, Colby and Phillipsburg.

The scene of disaster was one of the wildest disorder, according to meagre details. The passengers were asleep when the crash came. Hysterical women, half clad, rushed from the train and were soaked by the driving rain. About twenty were injured, many severely. They were cared for in the cars remaining on the track. Three coaches were telegraphed and the engine buried in twenty feet of water.

PHILLIPSBURG, Kas., Sept. 23.—A brief message this afternoon states that the survivors of the Clayton railway wreck are suffering pitifully. A cold rain is falling, with no way to keep the injured warm. The hospital train has not arrived. The three physicians from Clayton are unable to care for the injured rapidly and fear is felt for the lives of the unattended.

The Pullman car is poised on the brink of the creek and it is feared the waters will undermine it and cause it to topple before the injured can be removed. The creek is rising rapidly.

—The Elizee pattern hats will be on display Friday and Saturday at the Misses Rutherford's.

J. L. FIELDS INJURED IN RUNAWAY TODAY

J. L. Fields, aged 73, was thrown from a runaway wagon on East Fifth street near Baker this morning. One rib was broken and the man was severely bruised.

He was hauling a load of household furniture when his horse took fright. Mr. Fields was thrown from the wagon and struck the curb on his side. He was unconscious for several minutes. Several persons who saw the accident, gathered, and after Mr. Fields had regained consciousness and was able to talk he was taken to his home.

## OREGON WILL BE FIELD OF BATTLE

Primaries Tomorrow Will See  
Contest of Old Guard and  
Insurgents

PORTLAND, Sept. 23.—Oregon primaries will be held tomorrow. Candidates for congressional and state offices are closing their campaigns tonight, the law requiring a formal discontinuation of the campaign at midnight.

"Old Guard" Republicans and the insurgents will clash under the guise of "assembly" and "anti-assembly" candidates. The Republicans have a normal state majority of thirty thousand and interest is therefore centering on the Republican votes.

Acting Governor Jay Bowerman is the so-called machine Republican gubernatorial candidate and is opposed by Col. Hofel of Salem, Abraham Albert and Grant B. Dimmick. The nomination lies apparently between Bowerman and Hofel. Jefferson Myers and Oswald West are candidates for the Democratic nomination.

The insurgents are centering on a fight to prevent the nomination of Congressman Ellis from the second district and Hawley from the first.

## THEY MAY BE PICKPOCKETS

Three Men Taken From Circus  
Crowd Said to be Profes-  
sional Criminals

Three circus followers, alleged to be professional pickpockets, were arrested at the circus grounds early this afternoon by City Marshal Edwards and were taken to the county jail, where they can do no harm. They are booked under the names of J. J. Glenon, Dave Harris and Frank Baker.

These men were spotted by Officers Oker and Bean of Los Angeles, and were taken into custody as they began circulating in the crowd in front of the circus tent.

Two circus teamsters were arrested this morning by Special Officer McGreevey. They were found picking up walnuts in O. S. Lewis's orchard on East First street. They were taken before City Recorder Willson and each man was fined \$5. They were given a chance to go out and get the money.

## SIBLEY ILL AND WIFE NEAR DEATH

Scandal Following the Alleged  
Corrupt Use of Money  
Prostrates Both

FRANKLIN, Pa., Sept. 23.—Mrs. Joseph C. Sibley, wife of the former Republican Congressman from this district, now under indictment for the alleged corrupt use of money in an effort to gain renomination, is seriously ill and supposed to be dying. Her husband also is in a serious condition.

Sibley, a millionaire, expended \$40,000 in his campaign for renomination. He succeeded, but because of the scandal attending his campaign and his illness, declined the nomination. The ordeal seriously impaired his health and recently, when his case came up for a hearing it was found necessary to postpone it on account of his illness.

**GENER BRAYTON DEAD**  
PROVIDENCE, Sept. 23.—General Charles Brayton, known as the "blind dictator of Rhode Island politics," died of heart disease today. He was a veteran of the Civil War, and was 70 years of age. He has controlled Republicanism in the state since losing his sight several years ago.

## FOURTEEN FACED DEATH ON GEORGIA

Prostrated by Bursting of a 12-  
inch Rifle—Heroic Were  
Rescuers

ABOARD THE BATTLESHIP GEORGIA (Wireless to Portsmouth, Va.), Sept. 23.—Fourteen men in the forward starboard turret of the Georgia narrowly escaped death today when the muzzle of a twelve-inch rifle burst during battle practice. The men were stunned and hurled to the floor. They were saved from the flying metal by a turret shield.

They lay stunned while the wind drove the fumes of powder into the enclosure. They were rescued by their comrades before the gases overcame them. None was fatally hurt. The gun barrel was shattered, but the breach locks remained intact, preventing the full explosion being directed into the turret. The crew behaved admirably, the men going to the rescue while the turret was filled with gas.

An investigation will begin immediately. It is rumored the exploded gun was an old one, although the ship was recently newly equipped.

## ELEVATOR CAGE PLUNGED DOWN THREE STORIES

LOS ANGELES, Sept. 23.—An elevator cage in the Homer Laughlin building, 315 South Broadway, fell three stories yesterday afternoon, injuring seven persons who were in it at the time. Attorney Charles J. Noyes of 1330 Harvard boulevard was the most seriously hurt, having his right leg broken. He was taken to the Sisters' Hospital. Others were seriously bruised.

The cage landed on the solid rubber supports, bounded several feet then settled, apparently little the worse for its trip through space.

## BOB CHANLER REVOKES POWER OF ATTORNEY

NEW YORK, Sept. 23.—Robert Chanler yesterday revoked the power he gave Cavalieri in their ante nuptial agreement. He is reported as cured of his infatuation and as being ready to protect his property. His first wife has also brought suit to have the ante nuptial contract canceled because of "undue influence."

## BANKERS ARE TO CROSS CONTINENT TO PACIFIC

NEW YORK, Sept. 23.—Four hundred and fifty eastern bankers will leave here next Monday morning to attend the thirty-sixth annual convention of the American Bankers' Association which will meet in Los Angeles from October 3 to 7. The trip across the continent and back will consume about a month and it is estimated that expenses of the journey will amount to \$1,000,000.

## \$40,000 FIRE DESTROYED BROOKINGS LUMBER MILL

SAN BERNARDINO, Sept. 23.—Fire, starting about 4:30 o'clock this afternoon in the Brookings Lumber Company's mill at Highlands, razed the building to the ground and caused loss estimated at over \$40,000. The mill is the largest in this section and one of the largest in the state. It has a capacity of 50,000 feet a day. Although the cause of the fire is not definitely known, it is believed it started from a hot box in an engine in the basement igniting some shavings. The Highland fire department, unable to cope with the fire, telephoned to this city for aid.

## FENCING RIGHT OF WAY AGAINST STOCK

FULLERTON, Sept. 23.—At the Fullerton-Richfield cut-off workmen for the Santa Fe are fencing off the right of way between the towns of Richfield and Fullerton to keep live stock off the tracks.

**BALTIMORE IS SEVENTH CITY**  
WASHINGTON, Sept. 23.—The Census Bureau today announced Baltimore's population as 558,485, showing a gain of 49,528, or an increase of 9.7 per cent. This makes Baltimore the seventh city in the country, Cleveland being the sixth.

## PSYCHIC EXHIBITOR'S MANAGER GONE AND HALL RENT UNPAID

A. H. Knowles, agent for Bishop Simpson, spiritualistic performer, left Santa Ana last night without paying rent for Spurgeon's Hall. He not only left without paying rent but he failed to turn over the key of the hall to the Spurgeon Co. But a small crowd gathered last night, and the performance was called off, the few who had come being uncertain as to whether or not they would get their money back.

## BIG CROWDS ENJOYING STREET FAIR AT ORANGE

Sister City is Doing Herself Proud—  
Music by Bands One of Attraction—Excellent Displays

The streets of Orange were massed with people yesterday afternoon, last night and again today. Crowds came from all parts of the county, and on every hand was heard enthusiastic praise of the attractions and exhibits.

Orange has done herself proud in entertaining her guests. The booths are pleasing and instructive, and filled with the things that go to show what Orange is, why it is prosperous and why it is a good place to live.

If one started out to pick out the booth that has the neatest and most attractive display, he would find himself stumped. There are dozens of booths that hold his attention for beauty and originality.

The display of the bee industry put in by the Orange County Bee Keepers Club is especially instructive, showing honey of various hues, a well-executed bit of beeswax statuary, and a box of bees at work.

W. A. Dyer's white corn, grown without irrigation; C. S. Catlin's pumpkins and melons; M. E. Cooper's pumpkins, nursery displays by Camfield, Thompson and Thurston; rare fruits from Taft's ranch; coal from the Orange County Coal Co. mine; J. R. Schooley's poultry display; the poultry show under James Fullerton's management; all kinds of local produce; William Bierwagons' pumpkins; the Olive Milling Company's display; Ruske's Batavia water; Almsworth's clever miniature house—these and more form a circle of attractions about the beautiful Plaza in the center of which is the bandstand.

Along Glassell and Chapman streets in all four directions are double lines of booths. One that attracted much attention was the school department's booth.

Yesterday afternoon an enthusiastic crowd watched a hot game of baseball between the Orange team and Echo Park team of Los Angeles. Orange played hard to keep all fair honor at home, and won the game by a score of 4 to 0.

Last night was an enjoyable occasion. Hundreds of people gathered to hear the music of the Long Beach Municipal Band.

Tonight another band concert will be given, and an added attraction will be an exhibition drill by the Knights of Pythias.

Tomorrow's program follows: Balloon trips all day.  
9:00 a. m.—Band Concert, Orange Military Band.  
11:00 a. m.—Parade of Attractions.  
1:30 p. m.—Band Concert, Orange Military Band.  
2:00 p. m.—High Dive.  
2:30 p. m.—Ball Game at High School Grounds (Amateur Championship of Southern California, Whittier vs. Orange).  
7:00 p. m.—Band Concert, Orange Military Band.  
8:30 p. m.—High Dive.

**Last Night's Concert**  
Last night's concert by the Long Beach Municipal Band was a rare musical treat, and the hundreds of hearers gave enthusiastic praise. The band is one famous for its good music, and the concert given last night could not have been excelled.

The William Tell overture, the Sextette from Lucia, a xylophone solo by F. Paulish and a baritone solo by Don Ellis were among the special numbers.

A great hit was made by the rendition of "Nearer, My God, to Thee" with cathedral chimes, the band accompanying. This number was particularly sweet and appealing.

"The Battle of San Juan Hill" gave opportunity for a display of the wonderful versatility of the Long Beach musicians.

The closing number was "The Star Spangled Banner." For this the electric lights were turned off, and red fire burned, displaying the Stars and Stripes. This was a fitting close of the concert.

## LOU ETTA SMITH BACK FROM JAPAN

Chief Witness and Victim of  
Dynamiting Plot Is In  
Charge of Officers

SAN FRANCISCO, Sept. 23.—Lou Etta Smith, the chief witness and victim of the dynamiting plot at the Burke Sanitarium at Santa Rosa six months ago, for which Dr. Willard P. Burke is under indictment, returned from Japan today on the liner Chiyo Maru. She was met at the wharf by District Attorney Lea and Sheriff Smith of Sonoma county and taken to Santa Rosa where she will be kept pending Burke's trial.

She refused to tell who furnished the money for her trip to Japan. It is alleged it was offered her to sign papers absolving Burke. She brought with her her eighteen months baby, which she has named Willard.

## ROBERTSON HURT PERHAPS FATALLY

Mechanic Reynolds Also  
Injured as Benz Car  
Was Wrecked

MINEOLA, L. I., Sept. 23.—George Robertson, the auto speed king, lost control of his Benz car on the Parkway at 8 o'clock this morning, and is probably fatally injured. He was taken to the hospital, where it was found his right arm and collar bone were broken, his skull fractured and that he was internally hurt. Mechanician Stephen Reynolds was less seriously injured.

The accident occurred during a practice spin for the Vanderbilt cup race, while twenty-five of the Vanderbilt entrants were practicing this morning. Robertson was taking a curve at terrific speed, when his brake failed to work. His car skidded and crashed into a telegraph pole, and Robertson was thrown head-long through a fence into the field. Reynolds was extricated from the debris.

## REPUBLICANS ARE TO INDORSE TAFT

Deneen Scores Corruption in  
Legislature as Blot on  
the State

SPRINGFIELD, Ill., Sept. 23.—The Republicans met today to adopt a platform. It is generally believed a "soft pedal" document will be framed. Governor Deneen was the temporary chairman. In his opening address he praised Taft's administration without referring to Senator Lorimer. The platform will also endorse the administration for some of its achievements, will mention the tariff commission, and will be silent concerning Lorimer. Bi-partisan legislation and the corruption of the state legislature was denounced, and a thorough investigation of alleged bribery will be demanded, although no names will be mentioned.

It is expected that Cannon will address the convention, although the matter is not fully decided. If he does the leaders are assured he will be allowed but ten minutes and his address will be calm, containing no harsh terms.

Defending the Payne tariff law, Governor Deneen said, "The Republican party has taken another step forward in its method of framing tariff legislation, by putting our system on a more scientific basis."

Referring to the Illinois legislature, he said: "Illinois is disgraced in the eyes of the nation through the exposure of corruption in her Assembly. We must not merely denounce such corruption, but take proper steps to correct it."

## RAILWAYS WERE WARNED BY LANE

CHICAGO, Sept. 23.—Warning was served on the railroads yesterday by Interstate Commerce Commissioner Franklin K. Lane that they must meet the increase in cost of operation by some other means than the advancement of freight rates.

The pronouncement of the Commissioner came out during the session of the rate hearing, when William Ellis, commerce counsel for the St. Paul, had testified that his company was suffering from too much business; that the increase had meant an increase in the unit of cost, which grew faster than the unit of income, thereby threatening the yearly surplus of income above payment of dividends, cost of operation and maintenance.

## CHAVEZ MADE WAY OVER SIMPLON PASS

But Went Crashing to Earth  
From Dizzy Height and  
May Die

MILAN, Sept. 23.—Aviator Chavez lost control of his monoplane near Domodossola this afternoon, eight thousand feet from the earth. His machine was demolished. Chavez was seriously hurt. The extent of his injuries is not yet determined.

Palleti, the Italian, and Weyman, the American, started in the flight behind Chavez. Weyman abandoned the flight before reaching Simplon Pass, but declared he would try later in the day. Palleti was still aloft at 6 o'clock.

## CHECKED FALL BUT BADLY INJURED IN PLUNGE

Two Others Still Attempting  
Hazardous Feat of Sailing  
Over the Alps

By a seeming miracle Chavez partially controlled his machine, when two hundred feet aloft, and checked the force of his fall. When Chavez was removed from the wreckage it was found that his right thigh and left leg were broken and he was fearfully bruised. He regained consciousness in the hospital, and blamed the intense cold for his fall. He said: "I became numb and unable to manipulate the planes. During the downward flight I luckily pulled the right lever and checked the fall."

Chavez is injured internally and his recovery is doubtful.

## Negotiated Simplon Pass

After three failures, George Chavez, the Peruvian aviator, today negotiated the Simplon Pass, at an altitude of 7000 feet, in a monoplane. At 2 o'clock he was safely enroute to Milan. If he arrives he will complete the most difficult task the birdmen have yet attempted, the flight across the Alps. The prize is \$20,000.

## Later Report

MILAN, Sept. 23.—The streets are crowded with people awaiting the arrival of Palleti in the trans-Alps flight. Since the weather cleared this afternoon, it is believed he has a chance of success. People are carrying Italian flags and confetti to welcome their countryman if he makes the most wonderful flight attempted by man. From Brieg, the starting point, to Domodossola, there is no place for a safe landing.

ROME, Sept. 23.—Telegraphic dispatches from Milan state that Palleti is again aloft en route to Milan after resting two hours at Stresa. Weyman has again ascended and is attempting to complete the flight. The weather has improved.

## BALL AND SHELL USED IN BATTLE AT ATASCADERO

CAMP ATASCADERO, Sept. 23.—Actual bullets and sharpshooters spattered Atascadero hills today, when the four batteries of the First and Fifth Artillery, assisted by the New Mexico Artillery, held the hills against an army painted on a moving canvas target. The invaders were demoralized.

Skirmishing between the reds and blues occupied the morning. The New Mexicans go home tomorrow, and the camp is preparing to receive the Californians on October 1.

## BAD CHECK ARTIST GRAY IS ARRESTED IN LOS ANGELES

Harold F. Gray, alias John J. Clancy, who swindled Congdon Bros. Garage out of \$50 and Charles Bennett, auto rental man, out of \$70, was arrested in Los Angeles on a charge of passing a bogus check on a Long Beach rental garage.

Gray spread many bad checks in various parts of Southern California. Santa Ana was his headquarters for several days, and checks given Congdon Bros. and Bennett dated ahead

proved worthless when it developed that Gray had no money in the Farmers & Merchants National Bank, upon which the checks were drawn.

Gray will be prosecuted on a bogus \$15 check. He owed \$3.50 for auto hire, and took the difference in change. Constable Jackson of Santa Ana, who was hunting for Gray, was notified last night by the Long Beach constable that Gray had been arrested. The arrest was made at 1206 East Seventh street, Los Angeles.

## BICYCLE AND BUGGY TAKEN

Los Angeles Boy Was Arrested Here Yesterday for Stealing Conveyances

Ray Caulfield, 15 years old, of Los Angeles, had developed a terrible desire for taking conveyances which did not belong to him, when he was arrested at Santa Ana, yesterday, at the request of Deputy Sheriff Wright of Los Angeles.

The boy had acquired a bicycle and a horse and wagon when he was arrested. To what extent he would have gone in the line of locomotion if he had not been taken in custody is a question.

He stole a bicycle near his home at Seventh and Kohler streets on the 19th inst. He started out to explore the world. At Fifty-second street and Maple avenue he found a horse and wagon, which belonged to Mrs. A. Helderwright. The wheel was loaded into the vehicle and he continued his journey.

The young man was taken to Los Angeles and will be dealt with by the Juvenile Court.

## Do You Think For Yourself?

Or do you open your mouth like a young bird and gulp down whatever food or medicine may be offered you?

Is a woman an intelligent thinking woman, in need of relief from weakness, nervousness, pain and suffering, then it means much to you that there is a tried and true medicine on record, composed, sold by druggists for the cure of woman's ills.

The makers of Dr. Pierce's Favorite Prescription, for the cure of weak, nervous, run-down, over-worked, debilitated, pain-racked women, knowing this medicine to be made up of ingredients, every one of which has the strongest possible endorsement of the leading and standard authorities of the several schools of practice, are perfectly willing, and in fact are too kind to print, as they do in the formula, or list of ingredients, of which it is composed, in plain English, on every bottle-wrapper.

The formula of Dr. Pierce's Favorite Prescription will bear the most critical examination of medical experts, for it contains no alcohol, narcotics, harmful, or habit-forming drugs, and no agent enters into it that is not highly recommended by the most advanced and leading medical teachers and authorities of their several schools of practice. These authorities recommend the ingredients of Dr. Pierce's Favorite Prescription for the cure of exactly the same ailments for which this world-famous medicine is advised.

No other medicine for woman's ills has any such professional endorsement as Dr. Pierce's Favorite Prescription has received, in the unqualified recommendation of each of its several ingredients by scores of leading medical men of all the schools of practice. Is such an endorsement not worthy of your consideration?

A booklet of ingredients, with numerous authoritative professional endorsements by the leading medical authorities of this country, will be mailed free to any one sending name and address with request for same. Address Dr. R. V. Pierce, Little Rock, Ark.

## LOS ANGELES HAS CITIZENS MEETING

People Will Express Wishes in Open-to-all Debate as to Owens River Water

LOS ANGELES, Sept. 23.—Los Angeles last night undertook the solution of the greatest civic problem that has confronted the city in its history. At the first of a series of people's meetings held in the council chamber, a public discussion was held for the purpose of obtaining the wishes of the community regarding the disposition of the power and of the surplus water derived from the Owens River aqueduct.

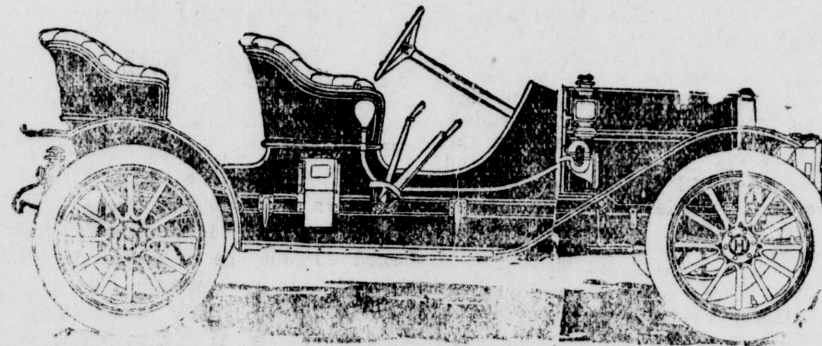

The hearing was in the nature of an open-to-all debate, with the mayor, the members of the city council and the water board acting as a sort of jury. These officials ultimately will be required to decide the momentous problems of the aqueduct, and they are holding the series of public discussions which began last night to inform themselves thoroughly as to the wishes of the people.

## LOWEST DEATH RATE ON RECORD SHOWN BY CENSUS

Fifteen Deaths Per 1000 Population  
Took Place In United States  
During Year Of 1909

WASHINGTON, Sept. 23.—The death rate in the death registration cities and states of the United States dropped to 15 per thousand, of provisionally estimated population last year, according to the forthcoming United States Census Bureau's bulletin on mortality statistics for 1909, which has been submitted to Director Durand by Dr. Cressy L. Wilbur, chief statistician for vital statistics.

In 1908 the death rate in the Census Bureau's registration area was 15.4 per thousand and in the bureau's annual report for that year, issued last spring, it was stated that

it is evident an era of low mortality has begun.

The death rate for 1909 is, the bulletin states, lower than that for any previous year of registration and probably is the lowest that ever occurred in the history of the United States.

It is stated that the mortality was distributed with more than ordinary uniformity throughout the year 1909 and no epidemics of other than a very local extent were found to have occurred.

It is a fact of much interest, the bulletin states, as showing the general prevalence in 1909 of extreme-

ly favorable conditions for human life, that the death rate of England and Wales for that year was 14.5 per thousand, which was also the lowest on record for that country, while the rate of 14 for the city of London was even lower and demonstrates the fallacy of the belief that high death rates are necessarily found in large cities.

The total number of deaths returned from the registration area for 1909 was 732,538, an increase of 40,964 over the number, 691,574, returned for 1908.

Of the total number in 1909, there were 398,597 deaths, or 54.4 per cent, among males, as compared with 54.3 in 1908.

The largest number of deaths returned for any month in 1909 was 60,093 for March. With the great majority of the registration states and cities it is the month having the largest number of deaths, while June is the month of lowest mortality.

The provisionally estimated aggregate population of the registration area of the United States in 1909 is 48,776,893 or 53.3 per cent of the total estimated population of continental United States.

The official death registration area is composed of those states and cities which require the registration of a death before the issuance of a burial permit and which have complied with other requirements imposed by the Census Bureau as conditions precedent to inclusion in this area whose death returns are annually collected, tabulated, analyzed, and presented in bulletin and report form by the Census Bureau. In 1909 the death registration area included the following states:

California, Colorado, Connecticut, Indiana, Maine, Maryland, Massachusetts, Michigan, New Hampshire, New Jersey, New York, Ohio, Pennsylvania, Rhode Island, South Dakota, Vermont, Washington and Wisconsin.

In addition to these, returns of deaths were received from 54 cities in non-registration states, in which the registration under local ordinances is considered satisfactory. The District of Columbia, which is coterminous with the city of Washing-

ton, is not included in the list of separate registration cities. For most purposes it is treated as a city, but in the table showing groups of registration states the District of Columbia is included as a state area.

### CONFIRMED PROOF

Residents of Santa Ana Can-  
not Doubt What Has Been  
Twice Proved

—In gratitude for complete relief from aches and pains of bad backs—from distressing kidney ills—thousands have publicly recommended Doan's Kidney Pills. Residents of Santa Ana, who so testified years ago, now say their cures were permanent. This testimony doubly proves the worth of Doan's Kidney Pills to Santa Ana sufferers.

H. C. Shaw, 917 East Pine street, Santa Ana, Cal., says: 'In the spring of 1902 I gave a public statement telling of my experience with Doan's Kidney Pills. This remedy brought me great relief from kidney complaint from which I had been a severe sufferer and I was so pleased that I did not hesitate to testify in its favor. In 1907 I confirmed my original statement and now two and a half years later, I can say that I still hold the same high opinion of Doan's Kidney Pills. I have used them on several occasions since first learning of their value and I have found that they can be depended upon to bring relief. I have profited so greatly by the use of this medicine that it is always a pleasure to me to speak in its praise.'

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

\$100 Reward, \$100

—The readers of this paper will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure now known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers that they offer One Hundred Dollars for any case that it fails to cure. Send for list of testimonials.

## Announcement

of the  
Los Angeles  
Chiropractic College  
(Ki-ro-prac-tic)

Term begins October 3, 1910.  
The remarkable triumph of the new Science of Chiropractic, the phenomenal demand for skilled Chiropractors all over the country, and the western coast being only weakly represented in number of practitioners, has made necessary the organization of a college equipped for instruction in the latest and best methods of the science.

Chiropractic is the science of the age. In spite of the fact that it is in its infancy, it is widely known as the greatest and most accurate method ever discovered for the correction of abnormal condition of the human body, or disease. In consequence of which we are having urgent and ever increasing demands from all parts of the United States for Chiropractors.

As a lucrative and pleasant profession it is second to none.

Chiropractors, men and women alike, are all making from \$1500 to \$10,000 per year.

If you are not satisfied with your present financial or physical condition, come and let us tell you how in one year's time and with little expense, you can be well, and making as much money and attain a degree of proficiency that it would take from ten years to a life-time and a great expense to equal in any other profession.

Don't fail to avail yourself of this great opportunity. Application for admission should be made at once.

Send for descriptive literature and college announcement.

THIRTY TONS TO ACRE  
Huntington Beach News:  
The land on the W. T. Newland ranch, near this city, is showing, this week, a remarkable harvest of sugar beets, which are averaging thirty tons to the acre. The beets are of fine quality and the yield is quite unusual, as an average of twenty tons to the acre is considered a good return. The soil of this section appears to be especially adapted to the cultivation of the beets which produce a remunerative profit to the growers.

### RALLY TO THE SUPPORT OF TAFT

There are numerous Republican papers on this Coast that have taken frequent occasion to antagonize the administration of President Taft. This has been done more by indifference and innuendo than by direct attack, but the purpose could always be plainly seen. Their over-zeal in the cause of insurgency has tempted them into this error, and the Register has prophesied that the time would come when they would be sorry for it. The indications are that that time has about arrived. It must be apparent by this time that a divided party cannot succeed in maintaining its majority in congress, and except it does, it cannot hope to make a record that will entitle it to the continued support of the country.

But this is not the only reason the anti-Taft Republicans will be sorry for their ill-considered utterances. Coupled with the slurs they have cast on Taft have been certain sly hints as to what would happen when Col. Roosevelt should return from the Dark Continent. It would be a veritable "return from Elba," and figuratively speaking, he would march at the head of the Insurgents in a campaign that would literally pulverize

Taft and his administration. The speech delivered by Col. Roosevelt at Syracuse on the 17th, must have been a bitter disappointment to these newspapers. The Register can be pardoned for a little pride in the position it has from the start assumed toward the administration when it finds itself in company with the very man who is looked upon by the opposition to sustain it in a contrary position.

Let us look at his words and then, if you like, compare them with the former utterances of the Register. "The President of the United States, Mr. Taft," says Roosevelt in the above mentioned address, "has served his country uprightly and honorably in many positions—as judge, as Governor of the Philippines, as Secretary of War, and now as President—for to him and the congress acting under him, we owe the creation of a tariff commission, the adoption of a maximum and minimum tariff law, treaties with foreign powers, the proper treatment of the Philippines under the tariff, the increase of the efficiency of the Interstate Commerce Law, the beginning of a national legislative program providing for the exercise of the taxing power in connection with corporations doing an interstate business, a postal savings bank bill and the constitution of a committee to report a remedy for over-capitalization in connection with the issue of stocks and bonds."

What president since the civil war has so many marks to his credit—and yet his work is only fairly begun! Is it possible that the Republicans who have placed themselves on record as opposed to his administration have in their zeal overlooked the list of accomplishments above quoted by Col. Roosevelt? If they have, it is about time they were sitting up and taking notice. The language of the ex-president should recall them to their duty of standing by Taft and the reforms he has accomplished.

Let us have a united party that the program may be completed. Let us be done with petty politics and rally to the support of the man in the White House, regardless of the fact that we do not agree with him in some of his appointments. Let us forget our personal preferences and stand for measures which after all, are the matters of supreme importance. No fairer, more patriotic or clearer headed man has come to the surface in this country than William Howard Taft. He stands for the common people as against the lawless encroachments of Big Business, and has shown this by his works.

### WINTERSBURG NOTES FROM HUNTINGTON BEACH NEWS

Miss Dollie Davis is visiting Mrs. Earl Farrar this week.  
Miss Viva Venable of Florence was an over-Sunday guest of Rev. S. W. Carnes.

William Keseman, Jr., left Sunday for Los Angeles, where he will attend the Harvard Military Academy.  
Mr. and Mrs. Perry left for Redlands on Tuesday morning, after a lengthy visit with Sam Traviola, a brother of Mrs. Perry.

A. B. Crane, who is in the Soldiers' Home at Sawtelle, is reported better. He has been suffering for a long time from inflammatory rheumatism.

Milo Reno of Huntington Beach, has removed with his family to Wintersburg, occupying the Harris cottage. Mr. Reno will open a bakery here next Monday.

W. S. Harris has purchased the local meat market from Walter Young and expects to begin business on October 1. Ralph Chaffee will take his place as weigher at the beef dump.

**New Building**  
Orange News: J. P. Boring will begin the construction of a business block next week, the plans now being in the hands of the architect. The building will adjoin his present building on the south side, the small buildings now occupied by Donovan's plumbing shop and Milligan's barber shop being moved south to make room.

The new building will be a one-story brick, 100 feet long by 25 feet wide, and nothing but the best material will be used in the construction. It will have a fine plate glass front, and the interior will be arranged so as to be utilized for a printing office, the floor at the rear end being made of cement.

The building will be occupied by the News when completed.

**Sues to Foreclose**  
A foreclosure action was begun this morning by the Savings Bank of Huntington Beach against Liard A. Peters. The note was for \$750 signed June 18, 1906, and the property concerned is lot 27 and half of lot 28, block 602, Vista Del Mar tract, Knoll section, Huntington Beach. ### BIG CROWN SAW THE CIRCUS PARADE

The streets were crowded this morning for the Barnum & Bailey circus parade, and a good-sized crowd is in attendance at the circus this afternoon. The parade was a lengthy one. There were plenty of elephants, camels, tigers and lions, and the usual fine lots of horses, in which circuses always excel. A feature of the horse-flesh parade was the tandems. The tents cover a large area on the show grounds southwest of First street.

**Guaranteed Liquor Cure**  
Drunkness is a progressive disease; the moderate drinker is not satisfied with two or three drinks a day, the craving for more and more becomes irresistible as the disease advances; the result is Chronic Alcoholism.

The Conservatory has bought a beautiful new piano, a Lauter grand. This is one of the most delightful instruments from the standpoint of tone, touch and general beauty of construction. It has been my privilege to play. Had I not considered it of superior quality I should not have added it to the Conservatory equipment, for, as I have said before, the Conservatory stands for quality, giving or taking.

It is my intention to equip every studio, as I can, with a Lauter piano. My sincerest gratitude is due Mr. C. P. Remsburg, from whom I bought the piano, for the very hearty interest he has taken in the Conservatory and its work; and not only for his interest, but for his very practical support.

Mr. Remsburg is a "square deal" man. It has been a real pleasure to be associated with him in various transactions and observe how he always considers the purchaser's side of the deal as well as his own. First class goods at fair prices seems to be his motto.

### Huntoon-Best.

At 1 o'clock Wednesday afternoon, at the residence of the bride's mother on North Main street, those sweetly solemn words of the marriage service were said that made Miss Stella May Huntoon the wife of Mr. Newton Best. The ceremony was performed by Rev. Stevenson using the ring ceremony, which was very impressive. The young couple were attended by the bride's sister, Miss Mamie, and Mr. John Kaufman. The bride, about to plight her wedding troth to the young man at her side, looked very sweet in her traveling suit of blue, with hat and gloves to match.

After the ceremony and hearty congratulations had been said piano music was enjoyed. The guests were the groom's father, and the bride's brother, Mr. Lloyd Huntoon of the Van Nuys hotel of Los Angeles.

Mr. and Mrs. Best departed on a late afternoon car for Los Angeles. They returned Thursday afternoon to make their home here in the midst of their wide circle of friends all of whom extend their congratulations and best wishes.

Many beautiful and useful wedding gifts were received by the happy young pair which will brighten their future home. They will reside with the bride's mother for the present.

**May Come to Orange County**  
Merritt W. Ludden, wife and mother, of Pomona, are spending a few days with Mr. and Mrs. Wm. Besser on French street. Mr. Ludden is a son of C. A. Ludden of Pomona, and

has been for several years general secretary of the Y.M.C.A. in New York City and Ridgewood, N. J. Mr. Ludden is considering such a position in Orange county, to which he has been called.

### Delightful Card Party

For the first time since their recent return from an extended stay in Europe, the Misses Reinhaus entertained yesterday afternoon, and never was their well known hospitality more happily dispensed.

The drawing room and parlors on the upper floor of their pleasant home on West Fourth and Garnsey streets, have been tastefully done over since their return and the restful dark green finishings of the walls contrasted well with the dainty pink roses that were used in decoration.

Progressive whist and flinch were played, the first prize in the whist games being a beautifully embroidered satin sofa cushion cover. This was won by Mrs. O. J. Kennedy of San Diego, the consolation prize, a box of elegant stationery, going to Mrs. Mary Rowell. The ladies who played flinch and those who did not play at all, cut for a Chinese cup and saucer of fine china. Mrs. Dr. Wiseman being the fortunate one.

Following the card games and the awarding of prizes, a three-course collation was served in the spacious dining room, where three beautifully appointed tables, each adorned with center piece of lovely pink carnations and sprays of fern, were spread. The guests were greatly interested in some of the linen that draped the tables, it being more than 150 years old and having been part of the marriage trousseau of the grandmother of the Misses Reinhaus. It was brought from Germany by the hostesses when they returned recently from a visit to their old home there. The delicate cross barred pattern of the beautiful home spun, home woven linen was immensely admired. The oyster cocktail and salad courses were followed by ices uniquely fashioned as peaches, apples, pears and bananas, all in natural tints. The tempting dainties were from the Dragon, which catered. The hostesses were most capably assisted in the table service by their nieces, Misses Irma and Helen Reinhaus, and Miss Hewes.

The guests invited to enjoy the hospitality of the Misses Reinhaus were Mesdames Bowes, W. L. Tubbs, True, Ey, Balderston, Reeves, Horton, Rowell, Kellar, Dr. Wiseman, Johnstone, Peake, Diers, Reinhaus, Roberts, Grubb, Lowe, Clayton, Verne Whitson, Gordon, Conn, Parker, R. E. does so soon after the announcement in last evening's paper of the discontinuance of the society, will come as a pleasant surprise to all music lovers and especially those who interested themselves in choral work. We understand that Mr. Percy Richards has undertaken to reorganize the society, and with the kind co-operation of the musical public of the city, has determined to make it the greatest success of its kind ever held here. It is proposed to hold a general meeting on Wednesday evening next at 8 o'clock at the Unitarian church to discuss matters and get on a working basis again so as to be ready to start rehearsals by the second week in October at the latest. It is hoped that all the members of the old society will make a special effort to be present, and that there will be a large number besides who intend joining the new

society, especially male members.

### "Esmeralda" Forecast

Anyone who misses seeing "Esmeralda," the sweet and wholesome four-act comedy written by Frances Hodgson Burnett and William Gillette, which is to be presented at Grand Opera House on Tuesday next as a benefit for the Eboli Club house fund, will miss seeing what promises to be a really delightful presentation.

No play ever given by amateurs in Santa Ana has been placed in the hands of so capable a cast as the one now rehearsing "Esmeralda" under the clear cut direction of Ernest Crozier Phillips. Every actor seems to have been placed exactly right.

The parts of Old Man Rogers and his sweet daughter, both brow-beaten and meek, might have been written for Herman Reuter and Miss Emeline Petersen, so admirably do they fit the characters of "Me and Esmeralda," while "Mother," otherwise known as "Lyddy Ann" to her submissive spouse, is portrayed to the life by Mrs. Van Cleave. "Dave Hardy" the honest, self sacrificing lover of "Esmeralda" is reflected as in a mirror by stalwart Arthur Collins, while the near-villain in the play, George Drew, who tries to swindle the unsophisticated Rogerses out of their rocky farm is made a real personage by David Todd.

John Nooyen is so capable an actor as to be easily perfect in the attractive part of Estabrook, a friend to the lovers and himself a lover of alluring style. His good taste is evidenced when he falls captive to the charms of brave, loving jolly Nora Desmond whose ever charming quality is reproduced by Frances Bruner. As Kate Desmond, Elsie Harrison will make a real hit as her playing of the independent, quick-witted American girl, is replete with naturalness. Tom Wotton is genuinely good as big hearted Jack Desmond, who had to bring up his two sisters succeeding in making an admirable job of it. R. C. Petersen has a small but difficult role, the Marquise, but plays it with a finish that is almost professional. Carol Van Cleave is a winsome little maid.

It is no exaggeration to say that the play will be much better presented than by many a professional company. So efficient is the cast and so uncommonly good a director is Ernest Phillips with his stage experience and his keen perception of dramatic requirements that the public is to have a real feast in "Esmeralda." The play itself is scenically placed in the mountains of North Carolina and the gay city of Paris, and carries through it veins of romance and gentle tenderness that make it an entirely satisfying drama.

### Attended Dedication

Dr. J. Herndon Garnett, Mrs. Julia A. Libby and Mr. and Mrs. Carey R. Smith were in Redlands Thursday at the dedication of Bekin's Hall for Girls at the new Redlands University and the corner stone of the president's home. J. Lewis Smith of Pasadena delivered the dedicatory address for the Girls' Hall. Mr. and Mrs. Martin Bekins of Los Angeles financed this fine building. Dr. Garnett gave a fine address over the corner stone of the splendid \$10,000 residence being erected for the university president. Mrs. Julia A. Libby of Santa Ana was introduced as "the woman who gave the money for the building of a home for the president."

Mr. and Mrs. Carey R. Smith did not return to Santa Ana until today, Mr. Smith being one of the university trustees and detained to attend meetings.

The party report the university opening as most promising of a successful year. There is a goodly number of students for so young an institution.

## THE RAYCYCLE MOTORCYCLE

The new Motorcycle, that we offer to you, has been designed only after carefully studying the needs and desires of riders, under all conditions and circumstances, and we have succeeded in producing a machine that will more nearly meet the requirements of all, than any other now on the market.

There are only 20 brazed joints in the entire frame, making the strongest Motor frame construction in existence, so that safety is absolutely assured. The machine is equipped with a gasoline tank of large capacity and the battery cases contain the coil and 2 standard size dry cells, also a roomy tool compartment, being easily accessible. Only 2 cells are needed with our special coil.

Our imported carburetor and throttle control is vastly superior to anything now in use in the country, for both the air and the throttle are controlled by small levers on the left handle bar, making it possible to tell, absolutely, what supply your motor is getting and also insuring a constant feed which no vibration of the machine can change. The action of these levers is absolutely positive and you never have to "feel" for your carburetor adjustment. Instantly and easily adjusted with the thumb or finger.

## PROVED HIM AN IMPOSTER

Beggar Who Sought Money  
From Elks Shown up  
by Telegram

An imposter who goes by the name of C. C. Griffiths failed to make good his graft with the local Elks. The local lodge "got wise" to his game, and on investigation it was learned that Griffiths had tried and worked the game elsewhere.

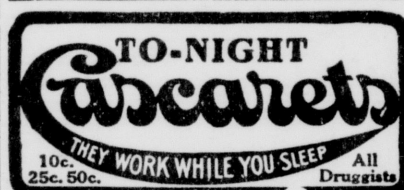

Griffiths—if that is his name—approached an Elk at one of the depots here, and told him he was up against it and in need of a little money. He said he was a life member of Sacramento lodge. The matter was referred to a local committeeman, and the first thing he did was to telegraph to the Sacramento lodge. A telegram came back last night bearing the information that Griffiths is not a life member of that lodge, that he is an imposter and makes a practice of "working" Elks.

Griffiths was still in town last night. He wears an Elk's tooth charm or pin.

## BURNHAM OF ORANGE THE NEW PRESIDENT

Los Angeles Times: At a meeting of the directorate of the H. R. Boynton company, yesterday afternoon, William H. Burnham was elected president, an office made vacant by the death of H. R. Boynton on September 12. N. Bonifilio was elected to fill the vacancy on the board of directors. The new president, Burnham, is vice president of the United States Water and Steam Supply Company of Kansas City, as well as president of the United States Supply Company of Omaha. Because of his familiarity with the lines handled by the H. R. Boynton Company, he was deemed a very worthy successor to the deceased founder of the concern.

## SURELY ENDS ALL BACKACHE

Lame Back, Misery and Kidney  
or Urinary Disorders Go  
After a Few Doses

—The real treachery and danger in kidney trouble is because the first symptoms are always seen in other parts of the body before anything wrong is noticed with the kidneys themselves.

The moment you suspect any kidney, bladder or urinary disorder, or feel a dull, constant backache or the urine is thick, cloudy or offensive or full of sediment, irregular of passage or attended by a scalding sensation, begin taking Pape's Diuretic as directed, with the knowledge that there is no other medicine, at any price, made anywhere else in the world, which is so harmless or will effect so thorough and prompt a cure.

Put an end to kidney trouble while it is only trouble—before it develops into Dropsy, Gravel, Diabetes or Bright's Disease.

Pape's Diuretic acts directly upon the kidneys, bladder and urinary system; cleanses, heals and regulates these organs, ducts and glands and completes the cure within a few days.

Pains in the back, sides or loins, rheumatic twinges, debilitating headache, nervousness, dizziness, bilious stomach, prostatic trouble, sleeplessness, inflamed or puffy eyelids, weakness, wornout feeling and many other symptoms caused by clogged, inactive kidneys promptly vanish. Frequent, painful and uncontrollable urination due to weak or irritable bladder is overcome.

Your physician, pharmacist, banker or any mercantile agency will vouch for the responsibility of Pape, Thompson & Pape of Cincinnati, who prepare Pape's Diuretic—50 cent treatment—sold by every druggist in the world.

## BEACH CHICKS DISAPPEARING

Thieves Have Changed Scene  
of Action to Huntington  
Beach Roosts

Huntington Beach News: The chicken thieves have invaded Huntington Beach. Every community in this section appears to have been recently visited in turn by these gentry, beginning with Westminster, and, unless peremptorily stopped, no doubt the rape of the roosters will continue indefinitely in this city.

Just to show that they were aware of the fact that City Marshal Sorenson has a lame knee and therefore cannot move with his usual swiftness, the abstractors of roast chicken in the raw made a raid on the barnyard of Mrs. William Seils, at her home on Tenth street, last Wednesday evening, and escaped with twelve of the high-priced fowls. The theft was committed within a block of the city marshal's residence. The hen hunters are taking long chances on being met with a load of buckshot, should they continue their night raids, as the people of this community are extremely loth to part with chickens in this way when they can be sold to country editors at a dollar each.

## On October 3rd Shares Advance In Price to \$2

"Home Builders" 2000 stockholders invite you to co-operate with them in the extension of their enterprise and to enjoy the contentment and profit which is theirs.

There is no safer project open to the investor today—Building homes in fast-growing Los Angeles is a profitable business—Building homes by wholesale with no speculation—fortifying the stockholders' money by deed and mortgage security—such is "Home Builders" plan. Rational, safe, popular.

"Home Builders'" new price of \$2.00 after October 3rd is an advance of just double the par value of its shares—proof of growth, if you please. To merit and to attain this price is the result of good management and evidence that a liberal prosperity has attended its activities.

16 per cent on par value—dividends paid in cash every three months, with a liberal accumulation in surplus and undivided profits.

No stockholder will own a larger pro-rata of these profits than you will when you become a share-holder.

## You Have Until Sat. Oct. 1 Before Advance

Present price is \$1.95, this is \$5.00 per hundred saving, and you can easily secure a holding of these shares at the present price. By the installment plan of 10 per cent cash and 5 per cent monthly, you can file your order and pay for them on these easy terms. For instance: 100 shares at \$1.95 is \$195.00 and calls for \$19.50 cash with application, and then \$9.75 each month until paid, or, you can pay up the balance at any time in one payment, a safe, reasonable way to begin. But a good investment is of no avail if we do not embrace it. "Home Builders" offers to go more than half way to help you.

## INDIAN SUN DANCE IN YOSEMITE PARK

LOS ANGELES, Sept. 22—Owing to the government having lifted the ban the Sun dance of the Indians is to be seen this year at Yosemite National Park for the first time in 25 years. It is to be a feature of the peace pow-wow to be held October 10-12 of the former hostile tribes of the Sierras—the Piutes and the Diggers.

The Diggers will give the sun dance the first day, but on the night of the 11th the Piutes will give the fire dance. The latter is not so dangerous as the Zuni snake dance nor so harrowing as the sun dance, but is of intense interest to the spectators.

War dances by both tribes will close the last night of the pow-wow. Captain Forsythe, U. S. A., and a detachment of regulars will maintain order and guarantee the safety of the spectators.

—Bring in your old wagon. We will allow you a fair price for it on a new Steel Reach Weber. J. C. Williams & Son.

—Vacuum Cleaners rented for 1/2 day, \$1.50, full day \$2.25. C. R. Trickey. Phone 430.

## THE MARKETS

### DAILY CITRUS REPORT OF EASTERN MARKET

NEW YORK, Sept. 22.—Five cars oranges and one car lemons sold. Market very steady on both oranges and lemons. Clear and fair.

#### LOS ANGELES PRODUCE MARKET

A flurry in figs suffices the market with considerable gossip in the past two days. Prices have been on the jump and right at present the bulk basis on figs is a fraction over 1 cent higher than last year at the corresponding time. This price on both white and black is 5 1/2 cents for fruit at shipping point, which is usually Fresno district, where fig culture is rapidly progressing. According to the statisticians of the crop, who are also brokers handling the greater portion of it, the harvest will be 20 per cent smaller than last year, when there were not nearly enough figs obtainable to supply the demand. Blacks and whites in 25-pound boxes are offered at \$1.60 to \$1.75 per box by the wholesale trade to the retail. At that figure there is good buying, dealers preparing for their winter trade.

On account of the very small egg receipts of the past few days, several times less than a hundred cases per day, the market was forced up 2 cents a dozen on locals of both grades yesterday morning. Only 94 cases were reported in. The arrivals from along the coast, as well as some from the San Joaquin Valley are helping to fill out the daily call for fresh eggs.

Receipts of butter totaled 34,892 pounds. The market showed little or no change in feeling, being steady on all listed grades with some eastern stock selling.

Arrivals of cheese were 1408 lbs. Imported Swiss sold very well, bringing 28 cents a pound jobbing. Northern fresh sold at 16 1/4 and there was also a fair demand for Oregon Daisy cheese. Eastern offerings were numerous.

## GRAVITY TANK STARTS FIRE

Orange Gas Plant Put Out of  
Commission Half a Day  
by Explosion

The Orange Gas Co. works at Orange was the scene of an explosion and fire this morning that put the plant out of commission for half a day. The gravity oil tank of the plant for some unknown reason exploded and burned several belts. The plant was going in good shape at noon today.

The company is unable to figure out how the tank came to explode. It was provided with a vent.

The inside of the plant was blackened but no permanent injury was done.
